RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

The HypaSoothe Emergency Burn Gel is a sterile wound hydrogel that facilitates moist wound healing for minor burns. The gel re-hydrates necrotic tissue while loosening and absorbing slough and exudate.
The gel is suitable for use on 1st and 2nd degree burns. It soothes burns and reduces the likelihood of scarring by creating an ideal wound healing environment. High cohesion means the gel is easily removed, even after the absorbtion of debris and exudate.
Usage:
- Cool the burn with water
- Gently dry the skin around the wound and apply the gel
- Cover the wound with a secondary dressing
Caution:
- For external use only
- Do not reuse gel that has already been applied
- Do not use if packaging is broken
- In the case of an allergic reaction, stop usage and consult a healthcare professional

General Specifications

Product Dimensions	13 x 3.5 x 3.5 cm
Product Weight (grams)	80
Medical Device Class	Class IIa
Application	Emergency Burn Gel
Shelf Life	2 years

Classification

Commodity Code	3004900000
