Powder Free Nitrile 1.5AQL Glove

Powder free gloves that provide a superior fit and feel

FEATURES

This non-latex glove provides a better tensile strength and elasticity without sacrificing barrier protection. Whilst offering greater strength with a lower modulus to reduce hand fatigue and therefore provide more comfort, the glove is safer and more durable to work with for longer periods of time. All products are manufactured in accordance with FDA, ASTM or CE standards and the manufacturing facilities are ISO9002 and ISO9001 approved
