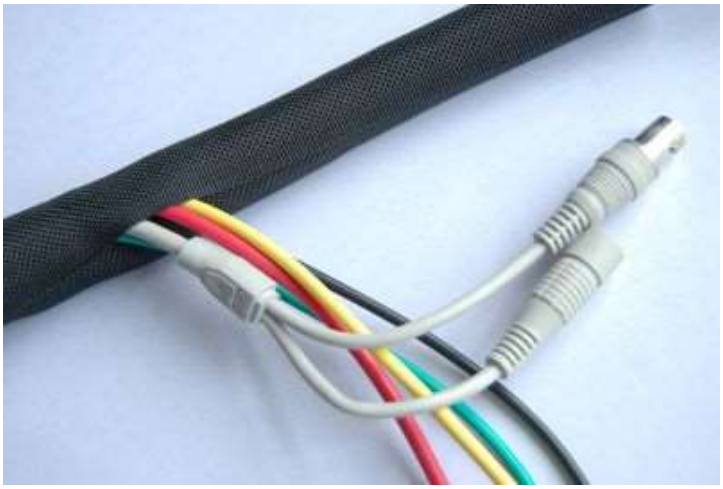
RS PRO WRAP-AROUND

Features

- Flexible, open type, and self-closing. Very easy for assembly
- Excellent abrasion, solvent, acid, alkali, corrosion resistance
- Light weight and cost effective.
- Operating temperature between -40°C and 150°C
- Flame retardant and environmentally friendly material.
- Flammability rating UL-224, VW-1



RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

RS PRO Wrap-Around is a flexible wrap-around protective sleeve. The woven construction provides flexibility, spring back and high resistance to abrasion. It is designed to protect wiring, cables, pipes, and hoses from mechanical degradation arising from exposure to challenging conditions in vibrating installations. RS PRO Wrap-Around is installed by opening the sleeve, feeding over the application and releasing.

General Specifications

Material	Polyester (PET)
Colour	Black
Braided	Yes
Fire Behaviour	Flame Retardant
Applications	Mechanical protection of wires in motor vehicles and trains. Used to minimize vibration of hoses and wire harnesses. Industrial applications where abrasion resistance and cut through protection is key.

Approvals

Compliance/Certifications	RoHS, REACH
Standards Met	Halogen Free
