

PERFECT FIT GLOVE PU FIRST GREY

Polyamide glove with PU palm coating, grey

The lightweight polyamide knitted glove with PU palm coating is particularly suitable for handling small and/or slightly greasy or dirty parts in a dry environment.

- The knitting technique creates a close-fitting glove with good tactile sensitivity. Maximum wearing comfort and increased strength.
- The dense mesh structure gives the glove a perfect fit, limits the penetration of dirt and guarantees good tactile sensitivity.
- Ventilated back of the hand and PU coating for optimum glove breathability.
- The polyurethane-coated polyamide offers good abrasion and tear resistance.
- The PU coating ensures a good grip, even on oily parts.
- The lint-free polyamide is suitable for precision assembly work.
- Silicone-free - suitable for use in painting areas.
- Thanks to the dark colour, it is less sensitive to dirt and has a longer service life.
