

## Features

- 4mm Banana Plug.
- Rated current: 2.5A
- Rated voltage: 50V
- Max Resistance: Less than 5mΩ
- High quality and durable design.
- Line is a standard 300cm.
- Colour: Blue

## RS PRO TEST LEADS

RS Stock No.: 0347244

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

- Using PVC coaxial cable line, the standard diameter for the 2.8mm.
- Flexible test lead sets are a perfect interface for multimeters configured with 4 mm sheathed safety jacks.
- Plug and housing are molded directly to the cable in an integral one piece design and the wire is double crimped for along lasting connection.
- Multi-leaf banana spring beryllium copper, nickel plated for extended insertion cycle life and low contact resistance.

## General Specifications

|                        |                            |
|------------------------|----------------------------|
| Lead Length            | L=300cm                    |
| Rated Voltage          | 50V                        |
| Rated Current          | 2.5A                       |
| Cable Material         | PVC/Copper 50*0.1mm        |
| Shield Sleeve Material | PVC                        |
| Banana body            | Brass                      |
| Banana spring          | Beryllium copper/Ni coated |

## Approvals

|                |                   |
|----------------|-------------------|
| Certifications | CE                |
| Declarations   | RoHS, Reach, UKCA |
