Features

- AQL 4.0
- Free from latex and accelerators
- Tested to EN1186
- Ambidextrous
- Manufactured using high-quality vinyl
- Beaded cuff
- Medium-weight construction
- Lightly powdered

Benefits

- Meets industrial standards for pinholes
- Suitable for those with latex allergies (Type I sensitisation) and Type IV hypersensitivity
- Suitable for contact with non-fatty food types
- Ambidextrous fit means you don't have to split a pair to replace a damaged glove
- High-quality vinyl combines low cost with reduced risk of protein allergens
- Beaded cuff provides extra strength during donning and helps prevent liquid roll back
- Medium-weight construction provides a balance of strength and sensitivity
- USP grade corn starch powder improves ease of donning
