

Harsh Environment Connectivity Solutions

1/4" Female Cable Mount Jack

Extension Jax® jacks are connected to the end of a cable. 2- and 3-conductor jacks mate with standard commercial phone plugs, and have a sturdy cable clamp strain relief, knurled shielded or molded black plastic handles, and a screw type solder terminal. All internal parts are interlocked. Note: See locking phone plugs section.

Material

- Body, Sleeve and Shielded Handle: Nickel-plated copper alloy.
- Plastic Handles: Molded black thermoplastic.
- Springs: Special copper alloy.
- Bushing and Flange: Plated copper alloy.
- Insulation: Thermoplastic.
- Clamp Terminals: Tin-plated copper alloy.
