Recycled yarn

■ 1423 MID GREY

The + TECHNICAL PROPERTIES

Recycled

Heat insulation

Composition

Outer fabric 48% Cotton, 47% Polyester,
5% Other fibres

Product care

Technical description

- Eco-design knit hat made from recycled fibres
- Yarn made by La Filature du Parc, in Tarn (81)
- The yarn has not been dyed, and as it has already been part of another product and been washed, it offers greater resistance to pilling than a new fabric
- Accessory made in Morocco
