

Datasheet

T-9 Torx Bit

RS Stock number 619-705

Specification

Material:

Chrome moly steel

Finish:

Sandblast finish

Contents:

1 pc- T-9 Torx Bit

Feature:

Tool bits to drive slotted and Supadriv/Pozidriv™ screws, hexagon and Star socket screws. All bits have a hexagon shaft section (1/4" across flats) with notches which enable them to locate and latch into the appropriate driver. Bits are made from chrome-vanadium steel with a grey rustproof finish.
