

FEATURES

- **Conical tip shape:** Allows for precise soldering in tight spaces, enhancing accuracy.
- **0.3 mm tip width:** Facilitates detailed work on small components, improving precision.
- **13.5 mm tip length:** Provides optimal reach for intricate soldering tasks, increasing versatility.
- **0° tip angle:** Ensures consistent contact with surfaces, enhancing control.
- **Compliance with ANSI-ESD S20.20:2021, REACH, RoHS:** Meets industry standards for safety and environmental protection, ensuring reliability.

RS PRO Conical Soldering Iron Tip, 0.3 mm Width

RS Stock No: 631-093

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The RS PRO Soldering Iron Tip is designed for precision soldering tasks, providing excellent performance with a conical shape that ensures accurate application. Ideal for use with the 0631071 Soldering Station, this tip is perfect for detailed electronic work, offering reliability and efficiency.

General Specifications

For Use With	0631071 Soldering Station
Product Type	Soldering Iron Tip
Tip Angle	0 °
Tip Series	T80
Tip Shape	Conical

Approvals

Standards/Approvals	ANSI-ESD S20.20:2021, REACH, RoHS
---------------------	-----------------------------------

Mechanical Specifications

Tip Length	13.5 mm
Tip Width	0.3 mm
