

FEATURES

- **Chisel tip shape:** Provides a broad surface area for effective heat transfer and solder distribution.
- **1.2 mm tip width:** Allows for precision in small-scale soldering tasks, enhancing accuracy.
- **0° tip angle:** Ensures consistent contact with the work surface, improving soldering quality.
- **Compatibility with 0631071 Soldering Station:** Ensures seamless integration and optimal performance.
- **Standards compliance:** Meets ANSI-ESD S20.20:2021, REACH, and RoHS standards, guaranteeing safety and environmental responsibility.

RS PRO 1.2mm Chisel Soldering Iron Tip

RS Stock No: 631-089

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The RS PRO Soldering Iron Tip is designed for precision and efficiency in soldering applications. Compatible with the 0631071 Soldering Station, this chisel-shaped tip offers a 1.2 mm width, making it ideal for detailed work. Its compliance with ANSI-ESD S20.20:2021, REACH, and RoHS standards ensures safety and reliability.

General Specifications

For Use With	0631071 Soldering Station
Product Type	Soldering Iron Tip
Tip Angle	0 °
Tip Series	T80
Tip Shape	Chisel

Approvals

Standards/Approvals	ANSI-ESD S20.20:2021, REACH, RoHS
---------------------	-----------------------------------

Mechanical Specifications

Tip Width	1.2 mm
