

FEATURES

- **45° Knife Shape:** Provides precision and control for detailed soldering work
- **14 mm Length:** Suitable for reaching tight spaces and intricate components
- **4.4 mm Width:** Offers a balanced surface area for effective heat distribution
- **ANSI-ESD S20.20:2021 Compliance:** Ensures electrostatic discharge protection
- **REACH and RoHS Compliant:** Meets environmental and safety standards

RS PRO Soldering Iron Tip, 45° Knife Shape, 14 mm Length

RS Stock No: 631-928

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO soldering iron tip is designed for precision soldering tasks, offering a 45° knife shape for enhanced control and accuracy. Ideal for use with the 492-303 soldering station, it ensures efficient heat transfer and durability, making it a reliable choice for electronics assembly and repair.

General Specifications

| | |
|--------------|---------------------------|
| For Use With | 492-303 Soldering Station |
| Product Type | Soldering Iron Tip |
| Tip Angle | 45 ° |
| Tip Series | T990 |
| Tip Shape | Knife |

Approvals

| | |
