

OIL RECUPERATOR

OD.8

1. 8L CAPACITY

Handles large volumes of fluid during vehicle maintenance supporting multiple jobs as oil changes or fluid extractions saving time and effort

2. INDISPENSABLE TO CARRY DRAINED FLUID

Easy transport of used fluids preventing spills and leaks. Essential for mechanics who need to transport fluids safely supporting proper disposal

3. IMPACT AND HYDROCARBON RESISTANT

Provide superior durability, safety, and reliability, making the tank a smart, long-lasting investment for fluid handling and vehicle maintenance.
