CABINETS COMPLY TO THE FOLLOWING;

- The guide lines set out in the Health and Safety Executive Guide HSG51 for the Storage of Flammable Liquids in Containers.
- The Highly Flammable Liquids and Liquid Gases Regulations, Section 5 (1.D) and the guide to regulation No.5 (17).
- The factory inspectorates Certificate of Approval No.1 parts 3 and 4.
- The Dangerous Substances and Explosive Atmospheres Regulations (DSEAR) Approved Code of Practice (ACoP)L136 paragraphs 94-96 along with Appendices A & B and paragraph 104 which details the performance requirements for fire resisting cupboards and bins. It is however important to emphasise that they do not specify an absolute test or standard for the cabinets or bins, rather they relate to the nominal construction principles.
