RS Stock No.: 612-5206

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO Chain Rivet and Chain Pin Extractor

From the trusted RS PRO brand, these Chain PIN extractors, also known as Chain Rivet extractors and chain breakers, assist you to remove, repair or loosen the rivets and pins that hold the links of a metal chain in place. The chain extractors are manually screw operated and will work on different sizes of chain pitch, inch to inch BS chain and 40 to 60 ASA (American series) chain. An RS PRO chain tool is used on many different chains and these 2 chain breakers are for use on Roller and bike (bicycle) chains.

General Specifications
