

Stanley Diamond Tip Screwdrivers provide best-in-class grip on fasteners to reduce cam-out and prevent damage to the screw head. Their hardened, sand-blasted tips ensure long life and durability, and chrome vanadium steel bars resist bending and snapping.

The screwdrivers have tri-material handles with TPR overlay for comfort and grip. Colour coded ends allow easy identification of the right screwdriver for each screw type.

This set of 4 contains the following:

2 x Phillips: PH1 x 100mm and PH2 x 125mm.

1 x Flared slotted: 5.5 x 125mm.

1 x Parallel slotted: 4 x 100mm
