Introduction of improved carrier tape for Chip LED product family

15.05.2026

Dear Customer,

please take note of this **Infonote**.
This customer notification is for information only and does not require customer approval.

Objective:	Introduction of improved carrier tape for Chip LED product family
Affected products:	SFH 4043, SFH 4043B, SFH 4053, SFH 4053B
Reason for change:	Introduction of improved carrier tape design to reduce risk of slanting in tape: slight reduction of pocket size.

Current status

Description of change:

New status

Time Schedule:	Implementation of improved carrier tape: SFH 4043 / SFH 4053: CW 24 / 2026 SFH 4043B / SFH 4053B: CW 21 / 2026
Assessment:	There is no change of the affected LEDs. No change in carrier tape material or other dimensions of the taping.
Documentation:	The tape drawing in the datasheet is updated accordingly. The inch values are removed from the drawing.
