RS Pro Cable Rack diameter 380mm in Steel

RS Stock No: **379-3711**

Product Details

RS Pro cable rack is made of steel and has a diameter of 380 mm. This cable rack has heavy duty cable drums and a steel (CR-S) construction. This model is mounted on a rugged tubular steel frame and have a friction brake with an integral winding handle. The large hub diameter ensures that the minimum bend radius of the cable is not exceeded when wound onto the reel, thus protecting the cable and preventing kinking. The CR-S model is made of steel with a removable plastic hub plate that can easily be cut to accept panel mount connectors.

Features and Benefits

- Diameter of 380 mm
- An internal clamp provides strain relief and anchors the cable in the hub
- Made from steel
- Reel flange type
