## RS PRO Box of 20 White Wet Wipes for Electronic Equipment Cleaning Use

RS Stock No.: 557-067

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

**Product Description**

These Isopropyl Alcohol (IPA) Solvent Cleaning Wipes are perfect for cleaning delicate electronic equipment including PCBs and gold or tin contacts. Each wipe is impregnated with IPA and de-ionised water and can be used to remove thin deposits of dirt, greases, airborne silicones and flux residues.
