RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

ESD WIRES HOLDER FOR 1/2 WIDTH – SAFE CABLE MANAGEMENT FOR ESD WORKSTATIONS

The 1/2 width wires holder is a compact yet sturdy solution designed for organizing and routing cables at ESD-protected workstations. It's ideal for setups where a full-width holder is not required or where greater flexibility in workspace arrangement is needed.

Made from 1 mm thick construction steel, the holder offers durability and supports a load of up to 10 kg. The product is available in light grey (RAL 7035), ensuring a clean and professional appearance.

The RT-WH/ESD holder in the 1/2 width version provides safe and tidy cable management, improving ergonomics and safety in environments where electrostatic discharge protection is essential.

Accessories compatible with L & H Type workbenches

Accessory Type: RS PRO ESD Wires Holder

Stock No.	Product Name	Compatible RS PRO ESD workbench (mm)
