

Features

- Heat Sink, Absorbs Heat During Soldering/Desoldering Sensitive Parts
- Length 63mm

RS PRO Soldering Heatsink and Component Holder Tool, 63mm

RS Stock No.: 0316058

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

RS PRO Soldering Heatsink and Component Holder Tool, 63mm

RS PRO quality small tool is ideal as a heatsink when soldering to remove some of the heat from the semiconductor/component while soldering. It can also be used to hold small parts while soldering to avoid injury. Supplied with insulated handles.

Features and Benefits

- Ideal for Working on Semi-conductor or Low-power Passive Device or Sensitive Components
- Absorbs and Dissipates Heat During Soldering or Desoldering
- Keep the Soldering Area Cooler and Safer
- Protect the Sensitive Component from Thermal Damage
- Used to Hold Small Parts while Soldering to Avoid Injury

General Specifications

Soldering Accessory Type	Soldering Holder Tool
Material	High Carbon Steel
Handle Type	PVC Handle
Length:	63 mm
Finish	Nickel Plating & PVC coating

Mechanical Specifications

Overall Dimensions	63mm
Length	63mm
Width	18mm
Depth	10 mm
Weight	8g
