RS Pro RJ45 Adapter

Product Details

Sub-D/RJ modular adapters

Range of adapters for making connections between Sub-D connectors and modular connectors.

The contacts of RJ connectors are cabled with wires that have crimped contacts on the end which simply fit into the Sub-D connector depending on the application required.

RJ12:	6 of 6 contacts
RJ45L	8 of 8 contacts

Connector Adaptors

Specifications

Type	Adapter
Interface Type	RJ45
