

## Category 6A Consolidation Point - 6 Way Shielded

### 6 Way Shielded Category 6A Consolidation Point (SGKH6con)

This 6-way shielded Cat 6A consolidation point serves as a bridge between longer horizontal structured cabling and workstations or other equipment streamlining network additions and changes without requiring extensive re-termination of cables. The unit utilises tool-less lever sockets for ease of installation and features 180° cable management insert with cable tie facility.

Also referred to as Zone Enclosure, Zone Cabling Enclosure and Zone Distribution Box in the industry it offers improved flexibility of desk location in the office. The mounting options and compact size of these Consolidation Points means they can be mounted to walls, on or under desks, in ceiling voids, under raised floors and almost any flat surface.

#### Features:

- Category 6A performance, up to 10 Gbps and compliant with TIA/EIA 568-C.2 at component level
- Die- cast zinc keystone housings provide a fully shielded system
- Integrated labelling facility for clear port identification
- Cable management bar with cable tie points
- Rear cable management with cable tie facility
- Keystone sockets supplied with cable ties for closure
- Supplied with mounting screws
- 4PPoE compliant
- Compact footprint of 166x86mm

#### Specifications:

- Net weight 420g (including primary packaging):
- Dimensions: 190x190x50mm (in primary packaging)
- Suitable for maximum cable OD: 9.0mm and maximum conductor insulation OD: 1.42mm
- Colour: White
- Materials: Housing: Fireproof ABS UL 94V-0  
Keystone: Housing zinc alloy  
Contacts 50µ"/1.27µm gold plating over nickel over phosphor bronze
- Supplied as a kit of 1x KH12 and 6x SGKSSU+
