

Datasheet

RS Pro Magnetic Lock, 500N

RS Stock No: **739-3223**

Product Details

RS Pro magnetic lock provides a holding force when de-energised and release when pulsed. This electromagnetic lock offers 500 N dynamic holding force capacity and is suitable for typical applications such as machine mechanisms, door/guard locking and remote hold/release requirements.

Features and Benefits

- Holding force of 500 N
- Suitable for typical applications such as machine mechanisms, door/guard locking and remote hold/release requirements
- Provides a holding force when de-energised and release when pulsed

**Specifications:**

AC or DC Operation	DC
Diameter	50 mm
Holding Force	500 N
Length	94 mm
Supply Voltage	24 V dc
Width	63 mm
Application	Machine Mechanisms, Door/Guard Locking & Remote Hold/Release Requirements
Current Rating	350 mA
Finish	Bright Nickel Plated with Machined Face
IP Rating	IP54
Power Consumption	8.5 W
