Product Details

RS Pro Steel Storage Bins

RS Pro steel storage bins. These steel bin storage units are designed to hold a wide variety of parts and components. Each open compartment has a fully hemmed lip to keep parts from spilling out. Interlocked and fully welded construction provides rigid structural strength and finished in grey baked enamel for protection.

Features and Benefits

Pigeon-hole type steel storage bin units

Suited to where space is limited

Cold rolled steel

Fully welded

Each divider is hemmed in a tear drop design to avoid sharp edges

12" deep units feature a 45° slope front for easy removal of parts

Finished in grey powder coat

Application Information

RS Pro steel storage bins are the ideal choice for organising your shop or where space is limited and organisation is crucial.
