

FEATURES

- 240*320 pixel
- Detecting the concentration of CO2
- Air temperature and humidity
- Auto Power Off

RS PRO Carbon Dioxide Workstation Monitor Gas Detection, For Air Quality Control

RS Stock No.: 174-6574

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

Introducing the portable RS PRO Carbon Dioxide Gas Detector which can detect and monitor CO₂ levels to ensure that consistent and acceptable levels of breathable indoor air are present. It can detect concentrations as low as 0ppm and up to 9999 ppm, meaning it can operate in the most difficult indoor environments with minimal interference. This effective and easy to use carbon dioxide gas detection unit from RS PRO is ideal for ensuring the immediate indoor air quality (IAQ) is good, especially for individuals who may have respiratory issues where air quality is a high priority.

General Specifications

| | |
|--------------------------------------|---|
| Gas Detected | Carbon Dioxide |
| Accuracy | ±1%, ±3%, ±5% |
| Meter Type | Workstation Monitor |
| Display Type | LED |
| Audible Alarm | No |
| Power Source | Battery |
| Battery Type | Rechargeable NiMH |
| Maximum Operating Temperature | +50°C |
| Minimum Operating Temperature | 0°C |
| Operating Humidity | 0 to 100%RH |
| ATEX Approval | No |
| Application | Boiler Plant Room, Automotive Industries, Welding, Power Plants, Refrigeration Plants, Textile Industry |

Mechanical Specifications

| | |
|-------------------|----------------------|
| Dimensions | 100mm x 48mm x 110mm |
| Height | 110mm |
| Weight | 210g |
| Length | 100mm |
| Width | 48mm |
