Product Codes	Description - all available in black (bk) or white (wh)
KCF3IL	3G F Type Inline Socket
KCKIL	RJ12 6P6C Inline Coupler
KSHIL	RJ12 Inline Socket
KUAIL	USB2 Screw Terminal Inline Socket
SLJIL	LOKJAC Cat 6 UTP RJ45 Locking Inline Socket
SEIL	CAT 8 STP RJ45 Inline Socket
SIL	CAT 6 UTP RJ45 Inline Socket (SILS STP version also available)
SGIL	CAT 6A STP RJ45 Inline Socket

Our Category 6 sockets (*SILbk*, *SILwh*, *SILS*) have sold successfully throughout the world since they were introduced in 2014. Now we have Category 6A and 8 as well as locking Category 6 options as alternatives.

Throughout the world, the RJ11 and RJ12 remain among the most popular and convenient modular plug terminations available – we now offer 2 options for easily and quickly terminating leads or semi-permanent wall sockets.

F connectors are universally acknowledged for termination of satellite, CATV and antenna cables – now there is a convenient wall mountable 3G female option available.

Where a cable requires a USB A female termination, our KUAIL can be wall mounted with the adhesive pad or simply deliver a female end for interconnectivity.

All connectors are made to relevant standards. Category 6A and 8 connectors are produced, for example, to FCC68 and to TIA/EIA 568B and have an insertion life of >750 mating cycles. All products are UKCA and CE compliant (i.e including ROHS and REACH).

Each connector is supplied as a kit, ready for termination onto a suitable cable. This range continues to develop in response to customer demand – please contact us for further information.
