

NM16NS

REF.
NM16NS

SCREW GATE CONNECTOR

TECHNICAL SPECIFICATIONS

- 1 • Manual screw gate locking
- Opening : 18 mm
- Static resistance : 23 kN
- Material : steel
- Class : B and M
- Weight : 155 g

DESCRIPTION

The **NM16NS** removable connector is made of steel. Its oval shape makes it ideal for positioning mobile fall arresters, blockers and pulleys. It has a manual locking clasp with screw opening.
