

Features

- **Durable Non-Tearable Fabric** – Made from special-grade, highly durable fabric designed for long-term industrial use.
- **Secure Tightening System** – Equipped with a riveted black leather belt that allows the cover to be tightly fastened around various devices.
- **Padlock Provision** – Includes dedicated locking points for attaching safety padlocks, ensuring secure lockout and preventing unauthorised access.
- **Versatile Application** – Suitable for locking out hanging control panels, plug sockets, pendants, and similar equipment.
- **Ideal for Large Devices** – Specially designed to accommodate oversized plugs, crane pendants, and other large control units.
- **Enhanced Safety Compliance** – Provides a physical barrier that supports safe energy isolation during maintenance procedures.

RS PRO Large Plug Cover Lockout Device - Red

RS Stock No.: 0750826

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

- *The Large Plug Cover Lockout is a durable safety solution designed to prevent accidental operation of hanging control panels, plug sockets, pendants, and crane controllers during maintenance activities.*
- *Made from special-grade non-tearable fabric, ensuring long-lasting performance in harsh industrial environments.*
- *Equipped with a rugged black leather belt, riveted securely to the cover, allowing users to tighten and fasten the lockout around larger devices with ease.*
- *Includes multiple padlock attachment points for enhanced security, ensuring only authorised personnel can access or operate the equipment.*
- *Ideal for isolating large industrial plugs, pendant controls, and crane operation devices to comply with Lockout/Tagout (LOTO) procedures.*
- *Lightweight, flexible, and easy to install, making it suitable for field technicians, maintenance teams, and industrial workplaces.*
- *Helps prevent unexpected energisation, improving workplace safety and reducing operational hazards.*

General Specifications

Type	Large Plug Cover Lockout
Material	Special-grade non-tearable fabric Cover & black leather belt
Colour	Red & Black
Padlock holes	06
Package	BOPP

Mechanical Specifications

Dimensions	229mm x 457mm
Width	229mm
Length	457mm
Weight	128 Grams

Operation Environment Specifications

Withstand temperature	-10°C to +80°C
