

## Kensington Anti-Fatigue Mat For Added Comfort

The Kensington Anti-Fatigue Mat has a superior gel interior for genuine comfort when standing, providing the perfect companion for standing workstations. Maximising the health benefits of standing while working, the Anti-Fatigue Mat is made of the highest quality materials and ergonomically engineered to keep your legs, back and feet feeling rejuvenated at the office, laboratory, workshop, kitchen or garage.

### Attributes

- Ergonomically engineered to keep legs, back and feet comfortable whilst standing at the office, perfect match to a sit/stand desk
- Provides better weight distribution and stimulates blood circulation in the legs
- Patented 17mm thick rubberised-gel foam mat to reduce fatigue and stimulate blood circulation
- NFSI certified anti-slip surface reduces slipping concerns and ensures mat stays in place.
- ADA-compliant bevelled edge ensures mat will not roll up, is trip-resistant, and provides 18° angle for office chair to roll on to
- Non-toxic, flame resistant materials support stricter environmental standards than most polyurethane foam competitors
- Materials are vinyl & BPA-free and meet Cal 117 fire safety standards
- Ships flat to prevent unwanted creases and curled edges
