- Limited lifetime warranty for card and one-year limited warranty for USB 3.0 reader

Capacities:

microSDHC™
16GB
32GB

microSDXC™
64GB
128GB

Capture your adventures in HD

Designed for your sports camcorder, tablet, or smartphone, Lexar® High-Performance 633x microSDHC™/microSDXC™ UHS-I cards make it easy to quickly capture play back, and transfer 1080p full-HD, 3D, and 4K video, as well as the highest-quality movies, photos, and songs. These high-capacity, Class 10 cards leverage UHS-I technology to deliver high-speed performance—up to 633x (95MB/s)*. The cards also come with a USB 3.0 reader for high-speed file transfer. These premium memory solutions give you the speed and space you need to capture more adventure on the go.

Enjoy faster capture, playback, and transfer of files

Capture adventures in HD. Calling all adventure seekers and adrenaline junkies! Now you can make the most of your adventures in the great outdoors by leveraging the power and performance of Lexar High-Performance 633x microSDHC/microSDXC UHS-I cards. So whether you're shooting the action with your sports camcorder or an aerial camera, you can quickly capture, play back, and transfer a large amount of the highest quality 1080p full-HD, 3D, and 4K video—making it easy to preserve more than 15 hours of your greatest moments and then relive the action.**

Do more with your multimedia. Also great for use with your tablet or smartphone, Lexar High-Performance 633x microSDHC/microSDXC UHS-I cards make it easy to quickly download or save all your favorite media files, including the highest-quality movies, photos, and songs.

Get more from your device. Performance microSDHC/microSDXC UHS-I cards are speed rated at Class 10, and leverage UHS-I technology to deliver a transfer speed up to 633x (95MB/s). These premium memory solutions give you the speed and capacity you need to capture, transfer, and share more adventures on the go.

Quickly transfer files with included reader. The cards also include a USB 3.0 reader to quickly and easily transfer files between your devices.

Rigorously tested. All Lexar product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 1,100 digital devices, to ensure performance, quality, compatibility, and reliability.

When memory matters, the choice is Lexar. With a long history in the industry, we know memory. We move quickly with technology to design the solutions you need, and work with device manufacturers to make sure our products are compatible. Then we stand behind them with outstanding warranties and helpful customer service. We're dedicated to performance, reliability, and expert support, so when it comes to storing the memories that matter, trust Lexar.

For more than 15 years, Lexar has been trusted as a leading global brand of memory solutions. Our award-winning lineup includes memory cards, USB flash drives, card readers, and storage drives. With so many options, it's easy to find the right Lexar solution to fit your needs.

Lexar. When Memory Matters.®

*Up to 95MB/s read transfer, write speeds lower. Speeds based on internal testing. x=150KB/s.

**Based on 128GB capacity. 12-megapixel JPEG. 128-kbps MP3 audio. HD 1080p@24fps (15 Mbps). Actual number of photos, songs, and hours will vary depending on camera/device model, format resolution and compression, usable capacity, and bundled software.

Actual usable memory capacity may vary. 1GB equals 1 billion bytes.
