# THE NEW DELTA™ FALL ARREST HARNESES: INNOVATIVE, FULL BODY SUPPORT FOR MORE THAN TWO DECADES.

There's a lot of industry buzz around the new, improved Delta™ harnesses. such as the innovated Revolver torso adjustor , with popular features that have made Delta™ the workhorse of the industry.

Today's Delta™ represents the culmination of more than twenty years of design, research, manufacturing know-how and on-the-job performance.

## DURABLE

The new Delta™ harnesses are as tough as the guys who wear them. They feature coated, corrosion-resistant hardware, the webbing is water-repellent and abrasion-resistant. Labels are protected by secure Velcro® covers.

## CONVENIENT

A patented triangular design gives Delta™ harnesses a shape of their own, so you can don them quickly and easily. Revolver™ torso adjusters make adjustments fast and secure. Spring-loaded, stand-up dorsal D-rings help make connections fast, easy and safe. Tech-Lite™ aluminum alloy Quick Connect buckles reduce weight and the energy required to do your job during the course of a day. Our exclusive i-Safe™ system gives you an efficient, digital way of recording and storing information on inspections.
