## RS PRO Rectangular Dock Bumper, UHMWPE Material

RS Stock No: 688-181

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

This RS PRO dock bumper is designed to protect loading docks and vehicles from damage during loading and unloading operations. Constructed from durable UHMWPE material, it offers excellent impact resistance and longevity, making it ideal for high-traffic areas. The rectangular shape ensures maximum surface contact for effective protection.
