TE Connectivity

Product Change Notification: PCN-23-163151
Customer: RS Components (1271907) Location: Northans PCN Date: 17-JUL-23
Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description: (Text limited to 120 characters)
DEUTSCH HDP Panel Nuts (Size 18 and 24) Material Change

Description of Changes
The Industrial and Commercial Transportation business unit of TE Connectivity is adding an alternate material for the part numbers listed below. The current PEI resin is single source, while the alternative one is multi-source PPS with a guaranteed supply. Parts manufactured with both resins meet the TE specifications and can be used interchangeably. These PN's are TE proprietary designs, therefore considered catalog/general market product. PPAP and/or sample requests must be submitted within 14 days of PCN submission via ict-ppap-request@te.com or ePPAP system. Submission will not occur without request. If PPAP requested, disposition response is required within 14 days of submit date or it will be considered approved. Product drawing(s) are affected.

Reason for Changes:
Dear Customer, we hereby inform you of this change. The change is necessary to ensure avoidance of material supply shortages. The change does not impact performance. IMPORTANT: The current and previous revisions of these parts can be used interchangeably in the field. The change(s) are being phased in gradually and previous revision can remain stocked until use. Shipments of both configurations may be mixed.

PCN Attributes:	
Product Category:	Kind of Change:
Other Connector Accessories	Material
Change Feature:	Potential Customer Impact:
Material Change	No Customer Impact
