RS PRO 2 Tread Steel Steps 0.4m Platform Height

RS Stock No.: 103-8705

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

These fort buttress steps from our own RS PRO brand are an essential piece of kit on shop floors or in garages and storage spaces. Designed to give easy access, the steps come with a graduated width and 45° easy-slope angle, making them strong and stable. The compact two-step unit has a platform height of 0.4 m so can easily be carried and firmly set down on the four static landing feet.
