0182 : Extra-Wide Opening Multigrip Pliers

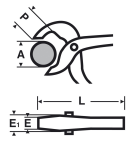

The + product :

Practical: wide opening to substitute for several pliers.
Ergonomic with very large handles for a better grip.
Avoids slipping with self-clamping inward curved teeth.

Description

Extra-wide opening, between 28 and 70% wider than typical pliers: one set of pliers instead of several (saves weight and space in the toolbox).
Non-slip handles for a better grip.
Extra-wide handles for a better grip and lesser effort.
Chrome vanadium pliers, forged for a very high strength tool with double thermal treatment.
