

FEATURES

- **Sintered Bronze Material:** Provides excellent wear resistance and durability.
- **Compact Design:** Fits easily into tight spaces with an outside diameter of 0.87 in.
- **Optimal Shaft Compatibility:** Designed for shafts with a diameter of 0.62 in, ensuring a precise fit.
- **Low Maintenance:** Suitable for environments where lubrication is limited, reducing maintenance needs.

RS PRO 3/4 in Plain Bearing, Sintered Bronze

RS Stock No: 528-115

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO plain bearing is designed for applications requiring reliable performance and durability. Made from sintered bronze, it offers excellent wear resistance and is ideal for use in environments where lubrication is limited. The bearing's compact size makes it suitable for a variety of industrial applications.

General Specifications
