BAS620V

Steel protection barrier to embed - tube Ø60mm - green

In-ground safety barrier with 60mm steel tube and a horizontal crossbar. Ideal for ensuring the safety of people in areas with risks, parking lots, etc. Made of steel with a painted finish. It is not recommended to install these in saline environments or in prolonged contact with hydrocarbons. It's possible to add in-ground or fixed bases to make the barrier removable. Available in various dimensions, colors, and finishes.

Customs code	7326909890
EAN	3321360011206
