

Brand of NTN corporation

Technical data

LUBER READY HIGH TEMP MP

Ready

MAIN LUBRICANT FEATURES

| | |
|-----------------------------------|-----------|
| Type of lubricant | Grease |
| Consistency | 2 |
| Base oil | Synthetic |
| Thickener | Polyurea |
| Max lubricant service temperature | 453,15 °K |
| Min lubricant service temperature | 233,15 °K |
| Viscosity at 100°C | 12 cst |
| Viscosity at 40°C | 80 cst |

MAIN GREASER FEATURES

| | |
|---------------------------|-----------------|
| ATEX certification | Oui/Yes |
| Capacity | 0,125 l |
| Diameter | 58 mm |
| Distribution time | 1 to 12 months |
| Driving type | Electrochemical |
| Length | 117 mm |
| Mass | 0,215 kg |
| Max pressure | 5 bar |
| Pression maxi | 5 bar |
| Max operating temperature | 333,15 °K |

NTN Europe
