

2/4/8-Port HDMI Splitter

Splitting single HDMI source to multiple displays

SP-H00102-0B

SP-H00104-0B

SP-H00108-0B

Rear Panel

The HDMI Splitter Series provides the perfect solution to broadcast your HDMI sources to 2/4/8 HDMI Sinks. With HDCP support, your protected HDMI sources such as PS3, HD DVD players, camcorders, or set-top boxes can be simultaneously connected to HDMI splitter and easily multiply your high definition source.

Features

- HDMI 1.3 compliant
- Fully HDCP 1.1 compliant
- Compatible to all HDMI equipped devices, HDCP-enable HDTV devices
- 2/4/8 HDMI Sinks using one High Definition Source
- The cable length from input device to this switch box plus this switch box to output device is maximum 30 meters
- Support high resolution input
