RS PRO Self-Adhesive Flat Cable Clamp

RS Stock No.: 0268011

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The Flat Cable Clamp is a reliable solution for securing flat cables. Made from UL94V-0 and M1 flame-rated PVC with adhesive tape, it is flame-resistant and durable, ensuring firm cable placement. It operates effectively in temperatures up to 85°C and is available in grey. Its simple design allows for easy installation—just insert the cable into the clamp. The clamp is RoHS certified and comes in packs of 100 units, making it ideal for both industrial and commercial cable management needs.
