RS PRO Lubricant PTFE 400ml Chain Gear

RS Stock No.: 136-8548

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

A specialist's line of dedicated products, designed to specific needs seems to have a more significant advantage to support the project. The Chain/Gear Lubricant is developed to lubricate and protect all your chains and drives. To make life a little bit easier and support your regular and ad-hoc events, you need Lubricant that is corrosion resistant of all types of production chains. We are proudly introducing RS PRO Chain/Gear Lubricant that acts as highly tenacious odourless Lubricant with excellent penetration and adhesive qualities.
