- Instant burst of cold spray
- Easy to control with long or short bursts
- Leaves no trace
- Non-corrosive
- Compatible with most conformal coatings
- Moisture free
- VOC exempt

## RS PRO Freezer Spray

RS Stock No.: 0315457

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

## Product Description

*This spray is ideal for jobs where you need to freeze something for a short period of time. Sprays of this kind are commonly used for pipe freezing, carbon-fibre moulding and removing chewing gum from surfaces. They can also be put to creative use in ice sculpture. However, as a flammable refrigerant made with liquefied petroleum gases, it's not suitable for use on live electrical equipment.*

## General Specifications
