

FEATURES

- **Sintered Bronze Material:** Provides excellent wear resistance and durability.
- **25mm Length:** Suitable for a wide range of mechanical applications.
- **14.04mm Outside Diameter:** Ensures compatibility with various housings.
- **9.98mm Shaft Diameter:** Designed for precise fitting and smooth operation.

RS PRO 25mm Sintered Bronze Plain Bearing, 14.04mm OD

RS Stock No: 528-284

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO plain bearing is designed for smooth and efficient operation in various mechanical applications. Made from high-quality sintered bronze, it offers excellent durability and performance. Ideal for use in environments where low friction and high wear resistance are essential.

General Specifications

Product Type	Plain Bearing
Shaft Diameter	9.98 mm

Mechanical Specifications

Length	25 mm
Material	Sintered Bronze
Outside Diameter	14.04 mm
