

NEW Germ-Savvy® Refillable Notepad Holder/Cover with 3 x FSC® Certified Quality Refill Pads

Reusable notepad holder with an antibacterial protection...

The A4 and A5 Germ-Savvy® refillable notepad holder/cover features our special Germ-Savvy® antibacterial agent, which offers lifetime protection against bacteria and is tested to ISO 22196:2011 standard. Not only is this long-lasting, portable holder safer due to its protecting agent but it also comes supplied ready for use with three high-quality 160-page lined refill pads made from FSC® responsibly sourced material. Additionally, its matt textured black cover is made from durable, non-toxic polypropylene material making it acid and PVC free; another safety bonus. It also boasts a handy pocket inside the front cover and also behind the refill pad, for your loose papers and an elastic strap to protect your work and keep it secure. This is the perfect pad folio to carry to presentations, work, school, and travel keeping your important notes and papers stored in one place.
