

FEATURES

- **18 Padlock Capacity:** Allows for comprehensive lockout management, accommodating multiple users or equipment.
- **4mm Aluminium Composite Panel:** Provides robust construction, ensuring long-lasting durability and resistance to wear.
- **Red and White Colour:** Enhances visibility and identification, promoting safety and compliance.
- **762 mm Height:** Offers ample space for storing lockout devices, optimising organisation.
- **635 mm Width:** Ensures a compact design that fits easily into various workspaces.
- **40 mm Depth:** Maintains a slim profile, saving space while providing sufficient storage.
- **ANSI-ESD S20.20:2021 Compliance:** Meets industry standards for electrostatic discharge control, ensuring safe usage in sensitive environments.

RS PRO 18 Padlock Lockout Station, 4mm Aluminium Composite Panel

RS Stock No: 642-805

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The RS PRO Lockout Station is designed to securely store and organise up to 18 padlocks, ensuring safety and compliance in industrial environments. Made from durable 4mm aluminium composite panel, this lockout station is ideal for maintaining a safe workplace by preventing accidental equipment start-up during maintenance.
