Product Description

- ***Structured Multi-Department Lock Control*** *- Prevents any department or technician from accessing enclosed items until every individual lock is removed.*
- ***Centralised Key & Fuse Control*** *- After equipment isolation, the authorised person places all lockout keys or fuses inside the lock box and secures it.*
- ***Individual Worker Locking System*** *- Each worker applies their own built-in lock on the cabinet and retains their key, ensuring no access until work completion.*
- ***Clearly Marked Lock Positions*** *- Cabinet positions labelled (A, B, C, D, E…) for organised identification.*
- ***Matched Key & Box Numbering*** *- Keys carry corresponding numbering/marking to match the lock box for simplified management and traceability.*
