

Encapsulated full chemical protection suit compatible with air-fed/supplied systems.

- **Specialized protection:** The AlphaTec 3000 AVANT2 AIRline Ultrasonically Welded & Taped - Model 756 chemical protective suit offer excellent personal protection
- **Enhanced features:** This full protective suit features a panoramic visor design that ensures an unobstructed field of vision
- **Genuine versatility:** The AlphaTec 3000 AVANT2 AIRline Ultrasonically Welded & Taped - Model 756 full chemical protection suit also has an HEPA filter, which provides secondary protection from airline contamination and an SMC silencer keeps noise in the suit below 70 dB (even at maximum airflow)
- **Considered aesthetics:** In addition, the attached socks with elasticated boot overflap was designed to be worn inside chemical protective boots with the leg overflap worn outside, to reduce the potential for chemical ingress

Industries

- Life Sciences
- Chemical
- Food Processing
- Industrial
