

Bicycle Set 11, 7 pieces

Kraftform Kompakt Stubby - With Kraftform bit-holding Stubby screwdriver handle.

EAN:	4013288220714	Size:	115x60x40 mm
Part number:	05004179001	Weight:	115 g
Article number:	Bicycle Set 11	Country of origin:	CZ
		Customs tariff number:	82079030

- Short compact Stubby shape for working in tight installation spaces with 7 included bits
- Ergonomic 2-component Kraftform handle for precise work
- Stainless Steel Bits
- Captive and swiveling bit magazine for easy removal and safe storage of bits
- Take it easy tool finder: colour coding according to profile and size

Stubby magazine for quick operations on the bike. Particularly small bit hand-holder with short bit mounting for hard to reach areas. Includes 7 stainless steel bits, 6 of which are located in a magazine in the handle and one in the bit holder. The 2-component Kraftform handle with the practical combination of hard and soft zones allows for a firm grip and precise working. Take it easy tool finder: With size stamping and colour coding by output to help you find the required bit easily.

05071035001 1 x TX 25 x 25 mm

3840/1 TS
05071072001 1 x 2.5 x 25 mm
05071073001 1 x 3 x 25 mm
05071074001 1 x 4 x 25 mm
05071075001 1 x 5 x 25 mm

Compact shape

With its compact handle shape and the short blade, the Kraftform Stubbies are particularly suitable for working in confined screwdriving situations.

Handle with integrated bit magazine

The handle can be opened and thus gives access to the six bits contained in the magazine.

Swiveling bit magazine

The swiveling bit magazine allows for the bits to be removed easily in almost any situation and cannot be lost. The bits are safely stored.

Stainless Steel Bits

Wera stainless steel bits are manufactured out of stainless steel so unsightly rust can be avoided. The stainless steel bits from Wera are vacuum ice-hardened and have the hardness and strength needed for screw connections. There are no limitations to the industrial applications they are suitable for.

Torsion bits

Torsion bits absorb the damaging peak torque loads in the torsion zone. This prevents premature wear and enhances the service life of the bits.

“Take it easy” tool finder

“Take it easy” tool finder with colour coding according to profiles and size stamp – for simple and rapid accessing of the required tool.

Bit holder with magnet

The magnet ensures that the bit is securely seated in the holder.
