ENGLISH

RS 136-8530 IPA Cleaner

RS 136-8530 is an internationally approved cleaning solvent to standards required by the major electronics manufacturers. Cleans PCBs thoroughly to a perfectly dry and residue free surface.

Typical Properties

Colour:	Clear Colourless Liquid
Purity (%):	99.7
Density at 20°C (g/ml):	0.79
Boiling Point:	82°C
Water Content (%):	0.15 max.
Residue on Evaporation:	0.002g/100ml max.
Flash Point:	12°C
Water Miscibility:	Complete

Packaging

400ml Aerosol

Order Code

RS 136-8530

Shelf Life

36 Months

Product Use

All electronic equipment and PCB cleaning. Safe on most plastics (some painted surfaces should be tested before use), delicate instrumentation, contacts, tape heads, sensitive components, video equipment, computers, optical and precision instruments, etc. Please note that this product contains a flammable solvent and should not be used near a naked flame, on live equipment or any source of ignition.
